

NEWSLETTER NOVEMBER 2018

Starlight U.S. Multi-Family (No. 1) Value-Add Fund (the “Fund”) is listed on the TSX Venture Exchange (TSXV: SUVA.A/SUVA.U). The Fund currently owns interests in 1,193 suites in three apartment communities (the “Properties”). The Fund is sponsored and asset managed by a wholly-owned subsidiary of Starlight Group Property Holdings Inc. (the “Manager”). The Fund’s mandate is to invest in a portfolio primarily comprised of value-add, income-producing, multi-family properties that can achieve significant increases in rental rates as a result of undertaking high return, light value-add capital expenditures that are located in growth markets in the United States (“U.S.”). The Fund’s primary objective is to generate stable monthly cash distributions for its unitholders and enhance the value of its assets through active management and implementing value-add capital expenditures.

The Fund continued to accelerate its value-add capital improvement program during the three-months ended September 30, 2018. The Fund upgraded and re-leased 172 suites achieving average rent increases of \$166 per month for each upgraded suite representing an estimated average return on investment of 25.8%. Management continues to focus on the renovation of common areas and additional suites to continue to increase rental rates.

The Landing at Round Rock (Austin, TX 2001 Renovated Suite)

Spectra South (Phoenix, AZ 2007 Renovated Suite)

U.S. Multi-Family Market Trends

National Occupancy Levels and Home Ownership Rates

According to the U.S. Bureau of Labor Statistics, the U.S. unemployment rate was lower in September 2018 at 3.7%. The Fund's target demographic, the 20 to 34-year-old cohort, has continued to fuel apartment rental demand for newly constructed apartments. According to the U.S. Census Bureau, home ownership was 64.4% in the third quarter of 2018. Apartment occupancy rates and rental growth continue to be strong with MPF Research ("MPF") reporting third quarter 2018 U.S. apartment occupancy of 95.8%. Year-over-year rent growth across these markets was 2.9%.

Metropolitan Market Information

The Fund owns interests in 1,193 suites in three cities across three States. The following highlights the key macroeconomic and property data in each city and sub-market.

Atlanta Market Trends

Strong Employment Growth

According to the U.S. Bureau of Labor Statistics, the Atlanta Metropolitan Area gained 60,300 September jobs from September 2017 to September 2018, an increase of 2.2%. The unemployment rate in September 2018 was 3.1% in Atlanta, 30 basis points below the national average of 3.9%.

Occupancy Projections

According to MPF, third quarter 2018 occupancy levels for Atlanta were 95.2%. Rental growth for the quarter was 2.2%, with year-over-year rent growth of 3.8%. MPF's one-year forecast for occupancy levels in Atlanta to decrease to 94.3%, with rental growth of 3.3%.

Atlanta Submarkets

According to MPF, the Atlanta submarket where the Fund has invested – Southeast Gwinnett County – remained strong in occupancy and rental growth for the third quarter of 2018. Southeast Gwinnett County's occupancy rate was 95.4%, with an annual rent growth of 5.7%. MPF expects the occupancy rate to decrease slightly over the next year to 94.4%.

Austin Market Trends

Strong Employment Growth

According to the U.S. Bureau of Labor Statistics, the Austin Metropolitan Area gained 40,000 jobs from September 2017 to September 2018, an increase of 3.3%. The unemployment rate in September 2018 was 2.9% in Austin, 80 basis points below the national average of 3.7%.

Occupancy Projections

According to MPF, third quarter 2018 occupancy levels for Austin were 95.2%. Rental growth for the quarter was 2.6%, with year-over-year rent growth of 2.6%. MPF's one-year forecast for Austin is for occupancy levels to decrease slightly to 94.5%, with rental growth of 2.3%.

Austin Submarkets

According to MPF, the Austin submarket where the Fund has invested – Round Rock/Georgetown – had a third quarter occupancy rate of 95.1%, with an annual rent growth of 0.8%. MPF expects the occupancy rate in Round Rock/Georgetown to decrease slightly over the next year to 94.6% due to new supply.

Phoenix Market Trends

Strong Employment Growth

According to the U.S. Bureau of Labor Statistics, the Phoenix Metropolitan Area gained 78,200 jobs from September 2017 to September 2018, an increase of 3.8%. The unemployment rate in September 2018 was 4.2% in Phoenix, slightly above national average of 3.7%.

Occupancy Projections

According to MPF, third quarter 2018 occupancy levels for Phoenix were 95.6%. Rental growth for the quarter was 2.2%, with year-over-year rent growth of 6.3%. MPF's one-year forecast for Phoenix for occupancy levels to decrease slightly to 94.9%, with rental growth of 3.4%.

Phoenix Submarkets

According to MPF, the Phoenix submarket where the Fund has invested – Deer Valley – remained strong in occupancy and rental growth. Deer Valley's occupancy rate was 95.2%, with an annual rent growth of 3.7%. MPF expects the occupancy rate in Deer Valley to decrease over the next year to 94.8%.

Investment Market Update

Commercial real estate investment demand continues to be strong nationally. There is significant demand from real estate private equity firms that have recently raised funds. Capitalization rates for suburban, Class "A", multi-family real estate products in the Fund's metropolitan markets are approximately 4.25% to 5.25%, depending on the quality and location of the apartment community.

Ten Year U.S. Treasury bonds were yielding approximately 3.19% as at November 8, 2018. Lender spreads have compressed to offset increases in treasury yields and all-in interest rates continue to remain low versus historical levels with debt readily available at lower leverage levels.

Property Improvements

The Fund is currently working on several value enhancing initiatives at the Properties.

At Spectra South, the Fund is continuing with the ongoing suite upgrade program that includes new plank flooring, upgraded lighting, kitchen faucets, cabinets, bathroom lighting, bathroom hardware and painting. The Fund is currently evaluating a Phase II upgrade program that would add quartz countertops, tiled backsplash and updated sinks to the kitchens of previously upgraded suites. The second generation program would provide an additional rent premium to the Phase I upgrades, resulting in accretive returns and bringing suite quality to the top of the market.

At The Landing at Round Rock, the Fund is in the process of completing exterior painting of all buildings, landscape upgrades, new pool furniture and games area including a putting green and the installation of an outdoor spin bicycle area. This work will be completed in Q4 2018. This will complete all common area renovations at The Landing.

At Coventry Pointe, painting of building exterior trim and bay window repairs were completed in the third quarter of 2018 and upgrades to the main clubhouse, including the leasing office, will be completed in the first quarter of 2019. The Fund is continuing its ongoing suite upgrade program that includes new plank flooring, stainless steel appliances, refinished kitchen cabinets, quartz countertops, backsplashes and upgraded lighting in the kitchens as well as upgraded sinks and faucets in the kitchens and bathrooms, as well as new hardware.

The planned suite upgrades at all three Properties are expected to continue to generate significant increases in rental rates and attractive returns on the capital invested.

Property Management and Rental Rates

Property Management

The Fund benefits from the local real estate expertise and market intelligence of best-in-class property managers. Alliance Residential Company, the seventh largest third-party manager in the U.S., provides property management for Spectra South. Roscoe Properties Inc., a third-party manager in the U.S. with local market expertise and experience, provides property management for The Landing at Round Rock. The Worthing Companies, a third-party manager in the U.S. with local market expertise in Atlanta, provides property management for Landmark at Coventry Pointe.

Implementation of Yield Management Software

The Manager continues to utilize yield management software at all of its Properties. This software provides updated pricing on a daily basis, optimizing asking rents and renewal rents in real time, based on supply and demand for different suite types. This rental rate optimization system is similar to those employed by the hotel and airline industries to manage their room rates and flight prices.

Ancillary Services Update

The Manager continues to maximize ancillary revenue by ensuring the ancillary rates are at market levels. Privacy yards for select ground floor suites are being installed at The Landing at Round Rock which generates approximately \$100 per month of additional ancillary income per yard. At Landmark at Coventry Pointe, the Fund has introduced reserved parking spaces which generates a rental premium of \$25 per space per month. All properties offer trash pick-up services.

Outlook

The Manager believes its portfolio will continue to see strong demand for residential rental accommodation based on the quality of its apartment communities, low unemployment rates and strong job growth. The performance of the U.S. economy and local markets continue to support improved multi-family real estate fundamentals. In addition, the Fund continues its value-enhancing capital expenditure program at its Properties which combined with active asset management initiatives is anticipated to drive strong occupancy, rental and net operating income growth. The Fund expects to produce consistent investment returns for unitholders while carrying out its value enhancing capital initiatives.
